# The big question in Year 1: Who am I, who can I be and how do I belong?

Children will have an understanding of what the future can bring for them. They will learn about different roles that people have in life and think about what that role will be for them. They will build on prior knowledge and learn to be curious and ask questions in order to discover more about themselves. They will begin to find out what they are good at and what they enjoy and learn to use their skills to help them improve and progress.

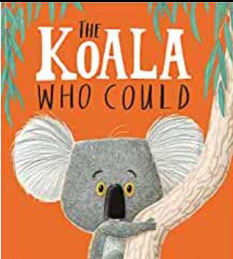

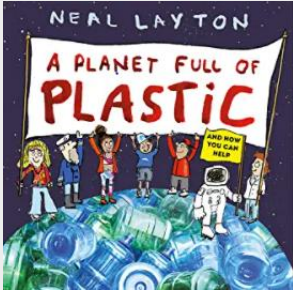

## 1 prayer

Bless all the people who love me dear God  
 And bless all the people I love.  
 Help us to help one another each day  
 And make earth like Heaven above.  
 Amen.

# The big question in Year 2: How do we change the world around us? Why should we care for our world?

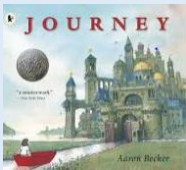

Children will have an understanding of geographical processes and the lives of historical figures locally. They will know how people have influence on the world and how we should appreciate what we have. They will understand how it is important to be thankful for the natural world, understanding that what we do matters and we can change things for the better.

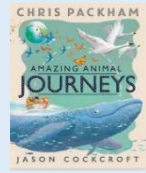

Year 2 Prayer  
 Thank you, for the beautiful world you made for us to live in.  
 Please help us to take care of it and think about the things we can reuse.  
 Help us to look after the world well for the people who will live in it after us.  
 Amen
